OUR PHILOSOPHY

A Sanctuary in the Heart of the House.

Located at the core of Can Bordoy, our SPA is an intimate refuge where stately architecture meets regeneration. In this sanctuary, time stands still to allow the soul to breathe, surrounded by the serenity of our expansive garden in the heart of the old town.

OUR PILLARS

Dual Setting

Your rituals come to life in the peace of our subterranean sanctuary or, during summer, under the protection of our garden trees.

Absolute Personalization

We listen to your body and design your care in the moment to restore your unique harmony.

Conscious Beauty

We believe in the purity of ingredients provided by the earth, selecting only the exceptional for your skin.

THE ART OF OUR PRESTIGE AND EXCLUSIVE COSMETIC BRANDS

The selection of our prestige and exclusive cosmetic brands is born
from a profound affinity with the noble character of Can Bordoy

OMOROVICZA
BUDAPEST

SCENS

OMOROVICZA

A meeting of lineages. Just as our house preserves the stately heritage of the old town, Omorovicza was founded by a noble Hungarian family who for centuries guarded the secrets of Budapest's healing thermal waters. It is the perfect dialogue between the soul of our ancestral stones and a royal legacy dedicated to deep cellular regeneration through Moor Mud minerals.

SCENS

Embodies our promise of respect for nature and sustainability. It is the ultimate expression of organic and vegan “Haute Couture”; a pure beauty designed for those who seek real results while respecting the planet's balance.

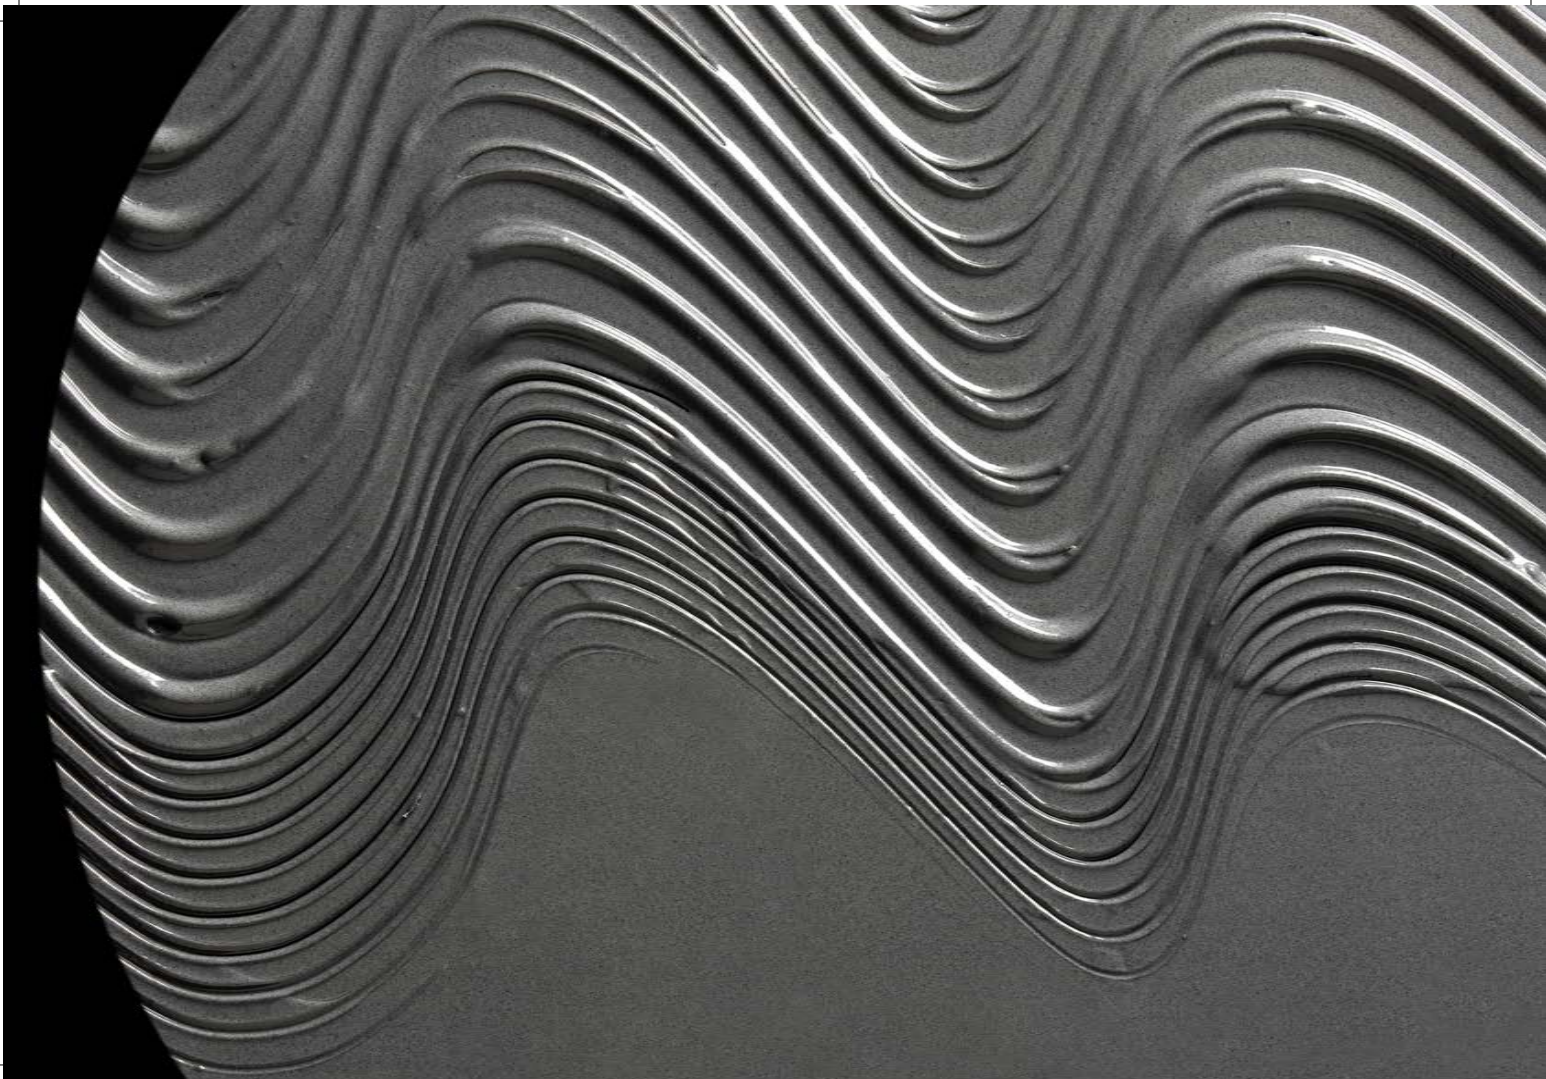

PRIVATE SPA SUITE

Enjoy the privacy of our Spa Suite. A cozy space dedicated to “dolce far niente” equipped with the latest generation of technology from the prestigious brand of luxury taps Dornbracht. A temple of worship to water, where you can disconnect and reconnect with your most authentic self.
